

## Individual Reflections – Week 4

### What do I want to learn or understand better?

**(A) Current Situation:** : We have assigned two persons for each user story to learn the basics about Android Studio and GitHub. As I already have some experience in them, I don't have anything new I want to learn or understand for now.

**(B) Desired Situation:** NA.

**(A→B) Plan to get there:** NA.

### How can I help someone else, or the entire team, to learn something new?

**(A) Current Situation:** I'm supposed to teach Elina W. about Android Studio and GitHub.

**(B) Desired Situation:** Elina W. understands the basics of Android Studio and GitHub so that she can somewhat work independently later.

**(A→B) Plan to get there:** Let Elina W. code the most while I explain all the different aspects to her.

### What is my contribution towards the team's use of Scrum?

**(A) Current Situation:** Me and Elina W. was assigned to one user story together.

**(B) Desired Situation:** To work actively with the user story we have been assigned and complete it before deadline.

**(A→B) Plan to get there:** Start early.

### What is my contribution towards the team's deliveries?

**(A) Current Situation:** Me and Elina W. were done with our user story early as we started early.

**(B) Desired Situation:** That everyone from the team finishes their user story before deadline.

**(A→B) Plan to get there:** First complete our own user story, then ask the team if they need some help.
